

Lotto Express Tickets Features

Ongoing

Lotto Express is an in-lane method of selling lottery tickets via a Lotto Express lottery terminal available through Grocery Retailers such as Loblaw's, Overwaitea Food Group, Sobeys, Country Grocer and 49th Parallel.

Lotto Express Ticket Features

Currently, Lotto Express terminals print Lotto 6/49 and Lotto Max tickets only.

Lotto Express tickets are similar to tickets printed from the Altura lottery terminal, however, there are slight differences:

- Lotto 6/49 and Lotto Max tickets purchased through Lotto Express are narrower by a few millimeters and are printed on a thinner thermal paper than tickets printed from Altura lottery terminals.

Validation at Retail

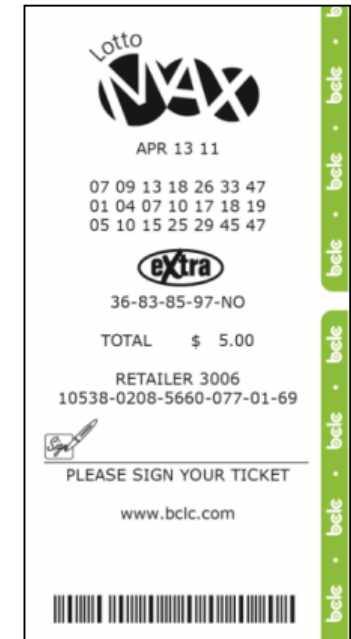

Please accept Lotto 6/49 and Lotto Max tickets sold through a Lotto Express retailer for Validation.

Tickets printed from the Lotto Express Terminal should be validated and paid out exactly the same as per standard validation and prize payout procedures.

If you have questions regarding validating or paying out Lotto Express tickets, please contact Lottery Support Hotline at 1-800-667-1649
