What's different about the prize structure of \$5 Set For Life VI #37812 and why?

BCLC's Scratch & Win games are constantly changing to provide players with more enjoyable game play experiences. With Set For Life, one comment regularly received through player feedback, is that players want to win more significant prizes and want to win more often.

To support this feedback, part of the strategy involved reducing the number of available \$100,000 secondary prizes from ten (10) on the previous Set For Life variation to two (2), creating approximately 3,500 additional prizes.
